Farm Animal Program

Come and Meet our Baby Animals

Early elementary students are invited to the Battle Creek Outdoor Education Center for a first-hand experience with farm animals. In the spring, the center is home to a variety of traditional farm animals. Your students will be able to feed goats and calves. Pet a bunny. Hold chicks. Visit the pigs. Take a wagon ride around camp. Trained educators will introduce your students to where their food comes from and explain the difference between birds and mammals.
